Intelligence Oversight Quarterly Report

NSACSS/IC

1. Mission activities of the Electronic Security Command (ESC) were legally and properly conducted. No oversight violations/incidents were reported.

2. Actions Taken: During this quarter we conducted Management Effectiveness Inspections of the 6981 ESS, Elmendorf AFB, Alaska and the 6985 ESS, Eielson AFB, Alaska. In both units inspected, we found ~~no~~ oversight reviews ~~conducted~~. The oversight indoctrination and training records reflected that all personnel were aware of the oversight program.

3. Future Actions: During the next 90 days we are scheduled to inspect two ESC units and a follow-up inspection of another ESC unit.
